Empowering Clients to Recruit and Retain Top Talent

*CSI truly takes the time to understand our firm's needs, not just for the open position but also as to how that role fits in with the rest of the organization. CSI is thorough and extremely detail oriented. I always know where we stand on a search. And I know that the candidates they bring to me are all worthy of hiring. They make it a great problem to have. We have used CSI for many searches through the years and always receive top-notch service.*

## Searching For Professional Leaders?

At best résumés only tell half the story. Successful professionals possess more than specialized skills and impressive CVs. Research demonstrates that key performers align with their employer's mission statement and culture while also possessing the business acumen and social intelligence necessary to leverage their skills and impact the bottom line.

At CSI, we provide professional and executive search services that are setting a new standard in the professional search industry.

We start by getting to know your business, your history, and your goals. We visit your site whenever possible to learn how you operate and get a feel for the personality of your organization. Then the hard target search begins. Utilizing CSI's proprietary search methods and our trademark evaluation procedures, our team identifies the most qualified candidates who also meet empirically based retention criteria.
